

Trustees

Larkrise Community Farm is a small Care Farm which provides hands-on, all-inclusive, therapeutic training in life skills, within an animal-based environment. We are based near Trowbridge in Wiltshire.

We offer fun, stimulating, animal care experiences for children and adults of all ages and abilities; riding lessons via our Riding for the Disabled group; farm Activity Days for local children in the school Easter & Summer holidays, plus guided visits for nursery and school groups.

Larkrise Community Farm is a registered charity which is going through the process of becoming a CIO.

To help us sustain the success we already have within the community, and to allow for future growth, we need experienced members of the public to join our Board of Trustees. We are keen to recruit members of the local community who have one or more of the following skills:

- Experience in Education
- Experience in Agriculture
- Experience in HR

Trustees' meetings are held once a month at the farm, normally on a Tuesday evening between 7.00pm and 9.00pm. The Board of Trustees is responsible for setting the strategy and the policies of Larkrise Community Farm, and guides and supports the Farm Management Team and their staff.

To find out more about joining the Board of Trustees, please contact the Chair, Bob Ham, by leaving a message on 07745109975 or email janeandbobham@gmail.com

Fun and Education Through Farming
